Foreward

It is a privilege and pleasure for me to be associated with the Arcadia community and School.

Our goal is to provide leadership for the student in order to develop the total person and a better individual.

This goal is a great challenge for us all, including the parents, churches, and school. We must have all the above organizations and people working together to accomplish our goal.

It will take prayer, hardwork, and desire to attain these goals and IF we do this we will have a better school and a better community in which to live and work.

We hope the experience the students have in the Arcadia School System will be a rewarding one for them to cherish for their entire lives.

Roy S. Cherry

If all the people cared like these do
I imagine what a great world this would be.

EDUCATORS

Administration

Mr. Duane Beamer

Mr. John Wolfarth

Mr. William Recker, Pres.

Mr. Joe Diebley

Mr. Leslie Current, Vice Pres.

The Arcadia Board of Education is a conscientious group of men. They are eager to make Arcadia the outstanding school in Hancock County and are constantly working toward that goal. As the foundation of our school they are firm and stalworthy, and they form school policies with the good of students and teachers always in mind.

Mrs. Peggy Fleegle, Clerk

Mrs. Peggy Fleegle, as Clerk of the Board, has the never-ending job of making all financial reports, which are required by law and audited by the State. For Peggy there is always another job with another deadline, but through it all she keeps her natural poise, her easy smile, and her readiness to help whenever and wherever needed.

Mr. Roy Cherry, our new Superintendent, has already earned the admiration and respect of the students and teachers of Arcadia Local School. We extend our congratulations to Mr. Cherry for creating an atmosphere of real thinking in our school. Failure is caused by the inability to think at the right time. He is showing us that before we can give all our attention to the problem before us, we must learn to attend and concentrate, and then we will learn how to think and make judgments for ourselves.

Mr. Cherry's office is always open and he is ready and waiting for any problem of any student or any teacher with a rare aptitude for helping solve the difficulty at hand.

His aim is to make Arcadia School the best in all facets of education and his concern is for every student at Arcadia.

Mr. James Slough, Principal Secondary School

Mr. James Slough tries to instill in every student the fact that they must realize that opportunities in the world today are still available and that they lie ahead for all that wish to search. Courage must not be lost, and work will be hard, but ideas can be accomplished in spite of many difficulties. To succeed every student needs ambition and perseverance. Mr. Slough, as a former teacher, tries to help students understand that everyday they are making the individual they will become; they are making their personality either weak or strong; they are either floundering aimlessly or using their vast potential of personal power to build a happy, successful future.

Mr. James Miller feels that in this world there is nothing more pleasurable and profitable than the vocation of learning. This he instills in the minds of his elementary students. He also understands that all learning is gradual development, little by little, from the primary class to the senior in high school. He works on all facets of personalities to produce well-developed students for junior high school.

Mrs. Margaret Wolery shows by her manner and productivity, that the best way to be happy is to be busy at something useful--something that makes for personal development, as well as for the good of teachers and students. She thinks, very modestly, that she is expendable, but teachers and students feel that it would be nearly impossible to replace her pleasant manner, her tact, and her hard work. Her reward is the joy of a task well done; her compensation the thanks and praises of Arcadia teachers and students.

Seniors Sponsor Harvest Supper

Mothers busy at work

Enthusiasm

This sure looks scrumptious!

On October 29th the Senior Class once again sponsored the annual Harvest Supper. After several weeks of soliciting and hearing the cries of class officers and advisors for more food, the class begged, borrowed, or "stole" most of the necessary items for the supper.

The supper finally arrived after a day and a half of preparations and was a huge success. People turned out from everywhere to enjoy the delicious meal provided by the seniors.

The juniors were concerned this year with projects to make money for the Banquet and the Senior Class Trip. Working hard all year they sold and made cider and Christmas candy. They ran the basketball concessions; had a paper drive; car wash; and enjoyed a roller-skating party and a Valentine's dance.

HAPPENINGS

Homecoming '73

Queen Carol Wilhelm-King Dean Metzger

The cold, windy, but bright evening of October 19 was the setting for the 1973 Homecoming festivities.

The court was led by Mike Beamer and Angie Binger. They were followed by the senior, junior, sophomore and freshman attendants and their escorts. The finale to the opening of the glamorous evening was the crowning of Queen Carol Wilhelm.

A disappointing game followed. Although it was a hard fought game the Leipsic team handed the Redskins another loss.

The fall decorations of corn shocks, pumpkins, multi-colored leaves, and a porch swing helped convey the theme of the dance, "Autumn Fascination", which was held after the game.

This was an evening that will long be remembered.

Senior Class Poem

CLASS POEM

The tree on the mountain top!
Tree of our future
    words of wisdom are its leaves,
blossoms of effort,
    success is the fruit we wish to taste.
We've wound around the narrow path
    to reach the mountain's height,
stumbling o'er a fallen log
    one stage of life,
now growing up marks the path
    we brace ourselves on the cane of leadership,
still pricking our skin on briars . . .
sharp points of teaching
    yet gathering the roses from the vine of truths
while the sweet fragrance of friendship
    floats in the air climbing higher, higher, higher
grasping rocks, slippery with the green slime of hardships
    and clinging to branches deadened with age.
The sun is Shining rays of freedom on our shoulders.
Raindrops, drenching us with fear as
    the dark clouds hovered over so we couldn't see our future.
The thunder roaring with flashes of lightening around us.
Determination grows as we near our goal.
At last! the rounded top we've found.
Oh! The tree; a wonder, a challenge!
Ah! The highest branch, our final goal.
A greater challenge is yet ahead of us:
We must now reach for the stars.

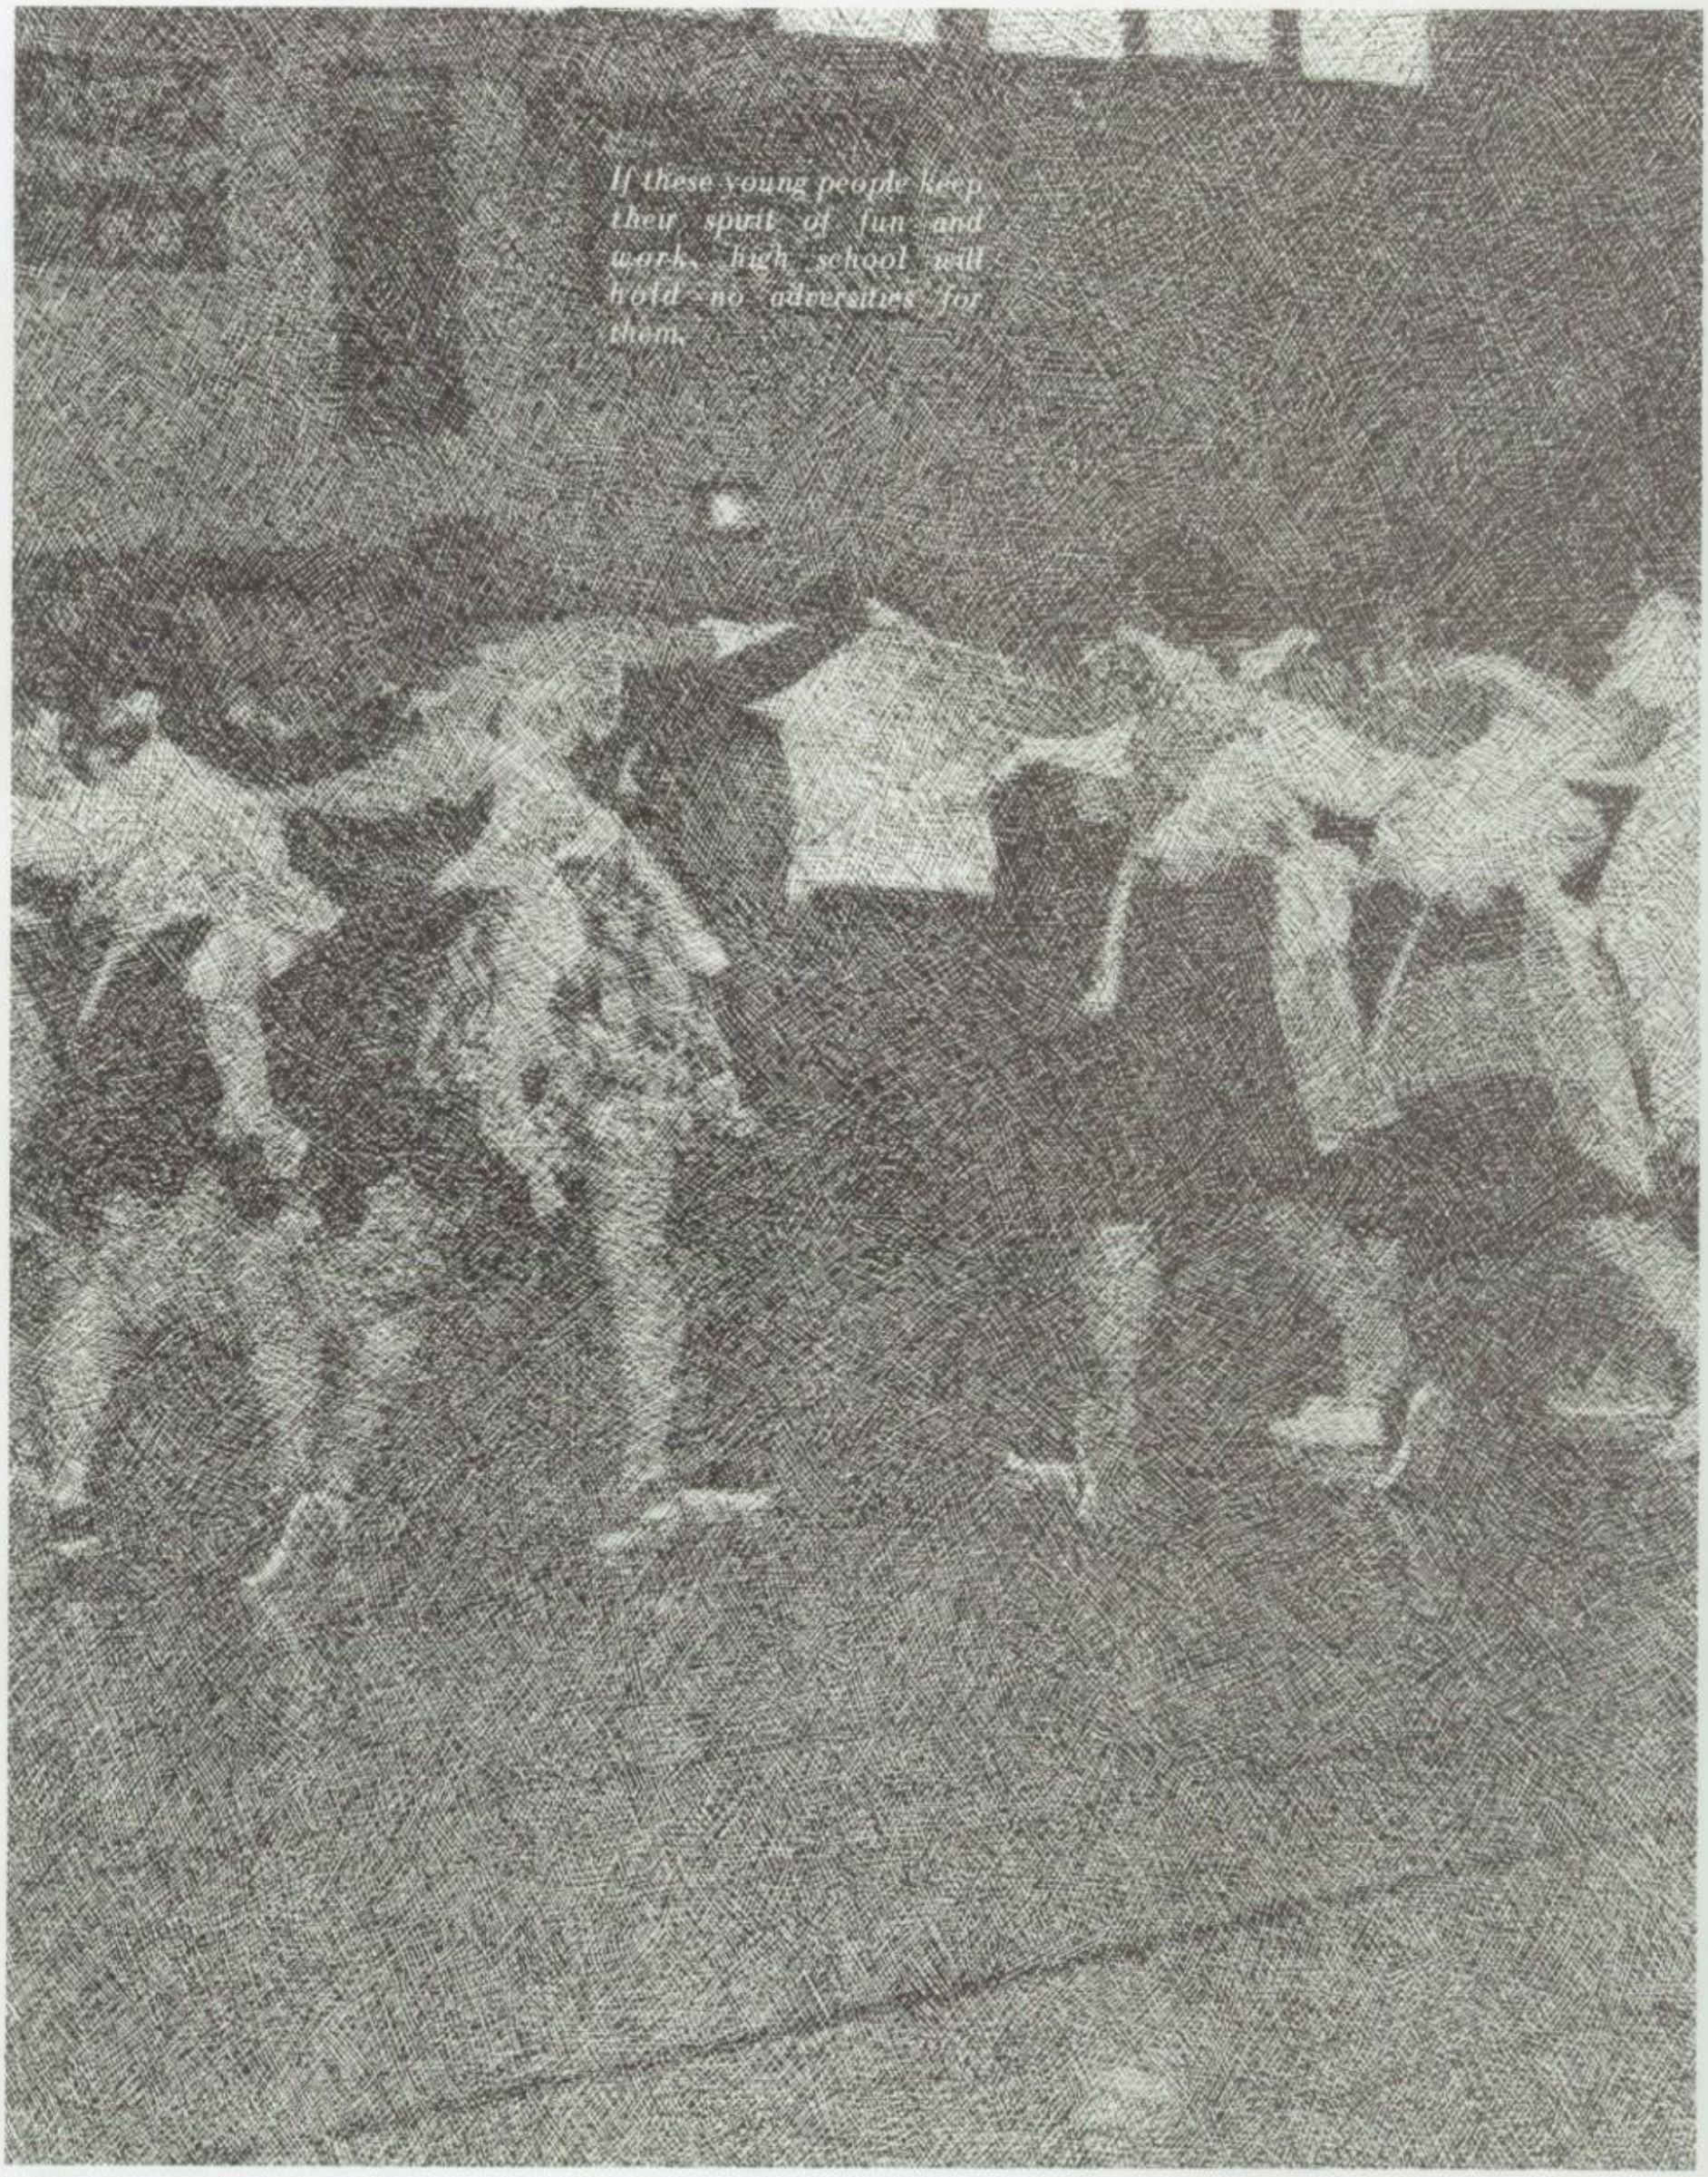
The entertainment for the Banquet this year was unique. Craig Dyer and John Hitchings performed a two-man show. A parody on radio news and weather reports were enjoyed by everyone.

We were very happy to welcome Mr. and Mrs. Cherry to their first Banquet and Prom at Arcadia.



If these young people keep their spirit of fun and work, high school will hold no adversities for them.

A 1-8 record was very discouraging but it was not in vain. Many things were gained by inexperienced underclassmen. In four games the total point spread was eleven points. Injuries to an already small team made it difficult at times.

Vince Lumbardy said, "A winner never quits and a quitter never wins." The crowd, the cheerleaders, the band and the players never quit and in that respect we were all winners.

Arcadia Band

The Arcadia High School Marching Band put in many long hours of practice this past summer and marched in various parades and football games. The highlight of the marching season was the trip to Ohio University to take part in the band day held there.

Besides performing at football and basketball games, the band put on several concerts during the year.

Linda Graham, Celia Price, Marietta Marvin, Carol Lowery, Nancy Reddin, and Jeannette Steyer participated in the District Music Contest this year which was held in Lima.

Redskin Majorettes

Bridget Emerine- Sophomore

Rhonda Hill- Sophomore

Nancy Reddin- Senior Head

Bonnie Fisher- Senior Asst. Head

Robin Siferd- Freshman

Two new majorettes, Bridget Emerine and Robin Siferd, were selected this year. Coming back for her second year of twirling experience was Rhonda Hill. Bonnie Fisher has been a majorette for six years and during that time she has served as Co-Head for one year and Assistant Head for four years. Nancy Reddin has been majorette for five years and she also has been Co-Head for one year and Head for one year. Twirling for the half-time show at Ohio University in Athens, Ohio was only one of the many fine performances presented by the majorettes. They entertained at half-time shows, homecomings, The Firemens Convention and the Hancock County Fair. Special features included fire, hoop and dance routines.

Louis Vrooman, having a B.S. in Education from Defiance College, came to teach at Arcadia High School in 1963. The first band under his direction at Arcadia was led by head majorette Grenda Roth and Sandra Breyman. The operetta that year was entitled "Springtime", starring Barbara Blake and Ray Reinhard with Mrs. Knouse as accompanist.

Since then there have been many unforgettable moments, such as the mistakes in band shows, the Strawberry Hill one half time of 1972 and the big trip to Ohio University for Band Day this year.

In the past eleven years Mr. Vrooman has spent much time and effort getting the band and choir ready for various parades, concerts and operettas. The band and choir members would like to thank Mr. Vrooman for all his help and patience and also wish the best of luck to him in his future endeavors.

The Annual Staff wishes to extend their thanks to every business that advertised in our Yearbook. We hope that these ads are a very good investment, for we wish to return the courtesy of buying at the companies which advertised with us.

Without advertising we could not have an Annual and we appreciate each patron and each and every ad.

Enjoy Yourself!

We wish to express our appreciation to all those businessmen who gave us their patronage by advertising in the Arcadian.

We, as students, feel that this is not a charity project, but one that will give every business, advertising that will last over the years.

We, as a community, try to give our patronage to those people who help us.

Without your advertising this book could not have been printed for all of us to enjoy, read, and re-read over the years.

You can't consume a college education as you can a car, stereo set or new clothes.

It's not even meant to give you status.

It's intangible. And its value depends on how much of yourself you're willing to put into it.

In a consumer oriented economy, where conspicuous consumption is the norm, a college education may not glitter. But underneath the surface it may be pure gold.

Findlay College is now in its 90th year, offering young people a liberal arts education. In all honesty, it's something that won't wear out.

For more information about Findlay College write or call the director of admissions, Findlay College, Findlay, Ohio 45840 (419) 422-8313.
